NASA
Space Shuttle Columbia Outfit

Skill Level One -
Recommended for Beginners

Start your own Space Program with Centuri's Space Shuttle Columbia Outfit. This easy-to-build model is a near-scale version of NASA's Columbia Orbiter, which was the first space shuttle to fly in space on April 12, 1981.

Picture yourself ready to launch your fully prepped COLUMBIA: count-down . . . ignition . . . lift-off . . . roaring skyward . . . ejection! The big 16" chute brings her back safely in realistic glide position, ready to be launched again.

Complete starter set includes everything for your first three thrilling flights (except battery and finishing supplies). The COLUMBIA, at nearly one foot long, is a great display model between missions! Also included is the deluxe Powr-Pad launcher and three powerful Enerjet model rocket engines with igniters and recovery wadding.

Rec. Engines: B4-4 (First Flight), B6-4, B8-5, C6-5

Fly America's Newest Spaceship!

Battery, paint and glue are not included.

NASA Space Shuttle Columbia

Skill Level 1

On April 12, 1981 the Columbia became the first Space Shuttle to fly in space. Throughout the 1980s the Columbia, and her sister ships, will become the work-horses for America's space exploration.

You can fly Centuri's model of this famous space vehicle today. This fun Centuri kit is engineered with the real shuttle's shapes simplified for fast assembly and reliable flights.

Build the Columbia quickly and easily with white glue and plastic cement, then spray paint it white. Apply the red, blue, black and gray decals from the huge stick-on sheet supplied. Very little finishing is required, and the result is a beautiful model you'll be proud to display and fly.

Includes a tech data sheet on the real Columbia. Engine nozzle unit removes for flight.

HOW TO ORDER — FOLLOW THESE EASY STEPS FOR BEST SERVICE

This order form replaces all previous order forms. Please be sure that you use the correct and full catalog number for each item when you order. All prices are subject to change without notice. WHEN SENDING ORDER BE SURE TO GIVE ZIP CODE IN YOUR ADDRESS.

PAYMENT ON ORDER

Full payment must accompany all orders unless Visa or Master Card is used. See Order Form (reverse side) for Visa and Master Card information. If you do not order by credit card, please send all remittances by either check or money order, both for your protection and our convenience. If you do send currency, be sure your envelope has sufficient postage, is properly sealed, and is addressed correctly to assure delivery. Coins should be attached to a separate sheet of paper, not to the order blank. Use a single strip of masking tape to hold the coins in place. Avoid the mailing of coins, as they are easily lost in the mail. We cannot assume responsibility for the loss of coins, currency, or orders in the mail.

Remember to include sufficient funds with your order. For your protection, we do not ship orders C.O.D. Proper attention to these details will result in speedier service for you.

IMPORTANT

Centuri model rocketry products are recommended for ages 10 to adult. Adult supervision is suggested for those under 12 years of age when flying model rockets.

Your order may, for various reasons, have to be shipped in more than one package. If all of your order does not come at the same time, please be patient and give the balance of the order time to arrive.

NOTE: All foreign orders require additional postage. Please write for more information on postage and mailing restrictions.

PRIORITY MAIL (Air Mail) SERVICE

While Centuri specializes in fast service, sometimes extra speed is necessary. The Post Office offers a service called Priority Mail which gives packages and parcels the fastest handling and transportation possible. PRIORITY MAIL CANNOT INCLUDE MODEL ROCKET ENGINES, AS ORDERS CONTAINING ENGINES CAN ONLY BE SHIPPED BY PARCEL POST OR UPS AT THIS TIME.

PRIORITY MAIL may be requested for extra fast delivery but PRIORITY MAIL CANNOT INCLUDE ENGINES (or products containing engines, such as outfits) at this time. For other items for which you desire Priority Mail include 15% of the "Total for Merchandise." You will be charged only for the difference between Priority Mail and Parcel Post; any excess will be refunded.

A SPECIAL MESSAGE: Occasionally we make the addresses of customers available to other companies who produce products you may be interested in. This means that you may be receiving advertising and sales literature from these companies in your mail. If you do not wish your name and address to be used in this manner, please inform us in care of our Customer Services Department.

POSTAGE

Centuri ships all retail orders POST-PAID in the U.S. by regular land mail or UPS.

"Centuri is an equal opportunity employer."

Centuri

FULL ONE YEAR

WARRANTY

Your Centuri product is warranted against defects in materials or workmanship for one year from the date of the original purchase. Any Centuri product which, because of a manufacturing mistake, malfunctions or proves to be defective within the one-year warranty period will be repaired or replaced, at Centuri's option and at no charge to you, provided it is returned to Centuri with proof of purchase.

This warranty does not cover incidental or consequential damage including injury or damage to persons or property caused by the use, abuse, misuse, failure to comply with operating instructions or improper storage of the warranted product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion may not apply to you.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

For repair or replacement under this warranty, please return the defective part of your Centuri product with proof of purchase to: Centuri Customer Services Dept., P.O. Box 1988, Phoenix, AZ 85001.
